Subsidized Affordable Equity & Opportunity Assessment Housing Access Rental Housing This map shows subsidized affordable rental housing units as a percentage of total housing units by tract in the Metropolitan Planning Organization area. About 3.6% (4,040) of all housing units in the Metropolitan Planning Organization area tracts are subsidized affordable rental housing units. There are 23 tracts in the MPO that do not have subsidized affordable rental housing. For this map the term "affordable" means subsidized rental housing. These are housing developments that have recieved or do recieve funding assistance, or are providing rental units at a lower cost to tenants based on financial need. This map shows only affordable housing units in the Metropolitan Planning Organization area, and not outside the area Springfield boundary. Data is aggregated to the tract level so it includes housing units for the entire tract. The full range of data for each map has been divided into thirds to create low, medium, and high percentage categories. A histogram is also included to show that the data is not necessarily distributed equally across these three categories. About 25% (1,026) of affordable rental housing units are in the top 3 tracts in the highest percentage category.
